RE: Archeological Survey Request  
Cricket Mountain Lime Plant Quarry  
Millard County, Utah  
ACT/027/006

Dear Mr. Nixdorf:

The Division has received a comment from the Division of State History regarding Continental Lime, Inc.'s Cricket Mountain Lime Plant Quarry in Millard County. The State Archeologist has a concern that there is a potential for cultural resources located in the project area and it is requested that a 100 percent ground survey (Class III) be conducted by a qualified archeologist.

A copy of the pertinent correspondence, a list of recommended surveyors, and the guidelines for determining archeological resources is enclosed for your information.

Should you have any questions about the survey, please contact Mr. Jim Dykman, Compliance Administrator, Utah State Historical Society, 307 West 200 South, Salt Lake City, Utah 84101. His telephone number is 533-6000 or 533-6016. Please forward two (2) copies of the Archeological Report to the Division when completed. Thank you for your cooperation in this matter.

Sincerely,
